 Cairo - Egypt

## SUMMARY

I will create a dynamic and interactive website using Django, Alpine.js, and Tailwind. Develop Vue.js admin panels & dashboards with TanStack Query, and custom Static Websites using Astro.

## TECHNICAL SKILLS

Proficient in HTML, CSS, and JavaScript, with strong skills in Vue.js - Astrobuild - Tailwindcss - Alpine.js - Django.

## PROJECTS

### CMS – A Developer-Centric Publishing Tool

A lightweight, modern CMS built with Django 5 and Vite, inspired by [dev.to](https://dev.to). This tool is designed for developers and internal teams to draft, share, and collaborate on technical ideas, blog posts, or team discussions – before they go public.

### Ta3allam el Roosiya

A Progressive Web Application (PWA) designed to help users learn the Russian language through interactive lessons and exercises.

### Images Sniper – Chrome Extension

Select images on a webpage, crop them using an interactive canvas (within a side panel), and download individual edited images or all edited images as a zip file.

### Portfolio

Showcase my tech skills, talents and work samples.

### Cosmic Dust – Blog Web Template

Astrobuild Kickstarter web template designed for quickly creating and launching multilingual blogs.

## LANGUAGES

Arabic - Native

English - Good Command
